# About Us

## Overview

We are a faith-based nonprofit organization that is committed to solving development issues affecting young Africans by equipping them with the requisite tools and resources to thrive and become better versions of themselves.

We leverage creative expressions to solve these issues as we work with individuals, private organizations and governments, to bring these solutions closer to our beneficiaries.

# About Us

## **Vision**

To become one of the most innovative international development brands for young Africans by 2035.

## **Mission**

Bridging the gap in the achievement of SDG 3 and 4 through education, advocacy, and capacity building whilst providing active leadership and support for young Africans.

# Programs

## **UProgramme**

This is a substance abuse management program. It leverages technology to manage mental health issues, substance abuse problems and upskill youths with relevant digital skills so they can use their energies productively and be relevant in the future of work.

## **Train Them Young Initiative Adopt-A-School**

This is an intentional capacity-building intervention for African children and educators in order to reduce preventable accidents affecting children. We adopt a low-income school and equip them with safety education resources and training for a year.

# Programs

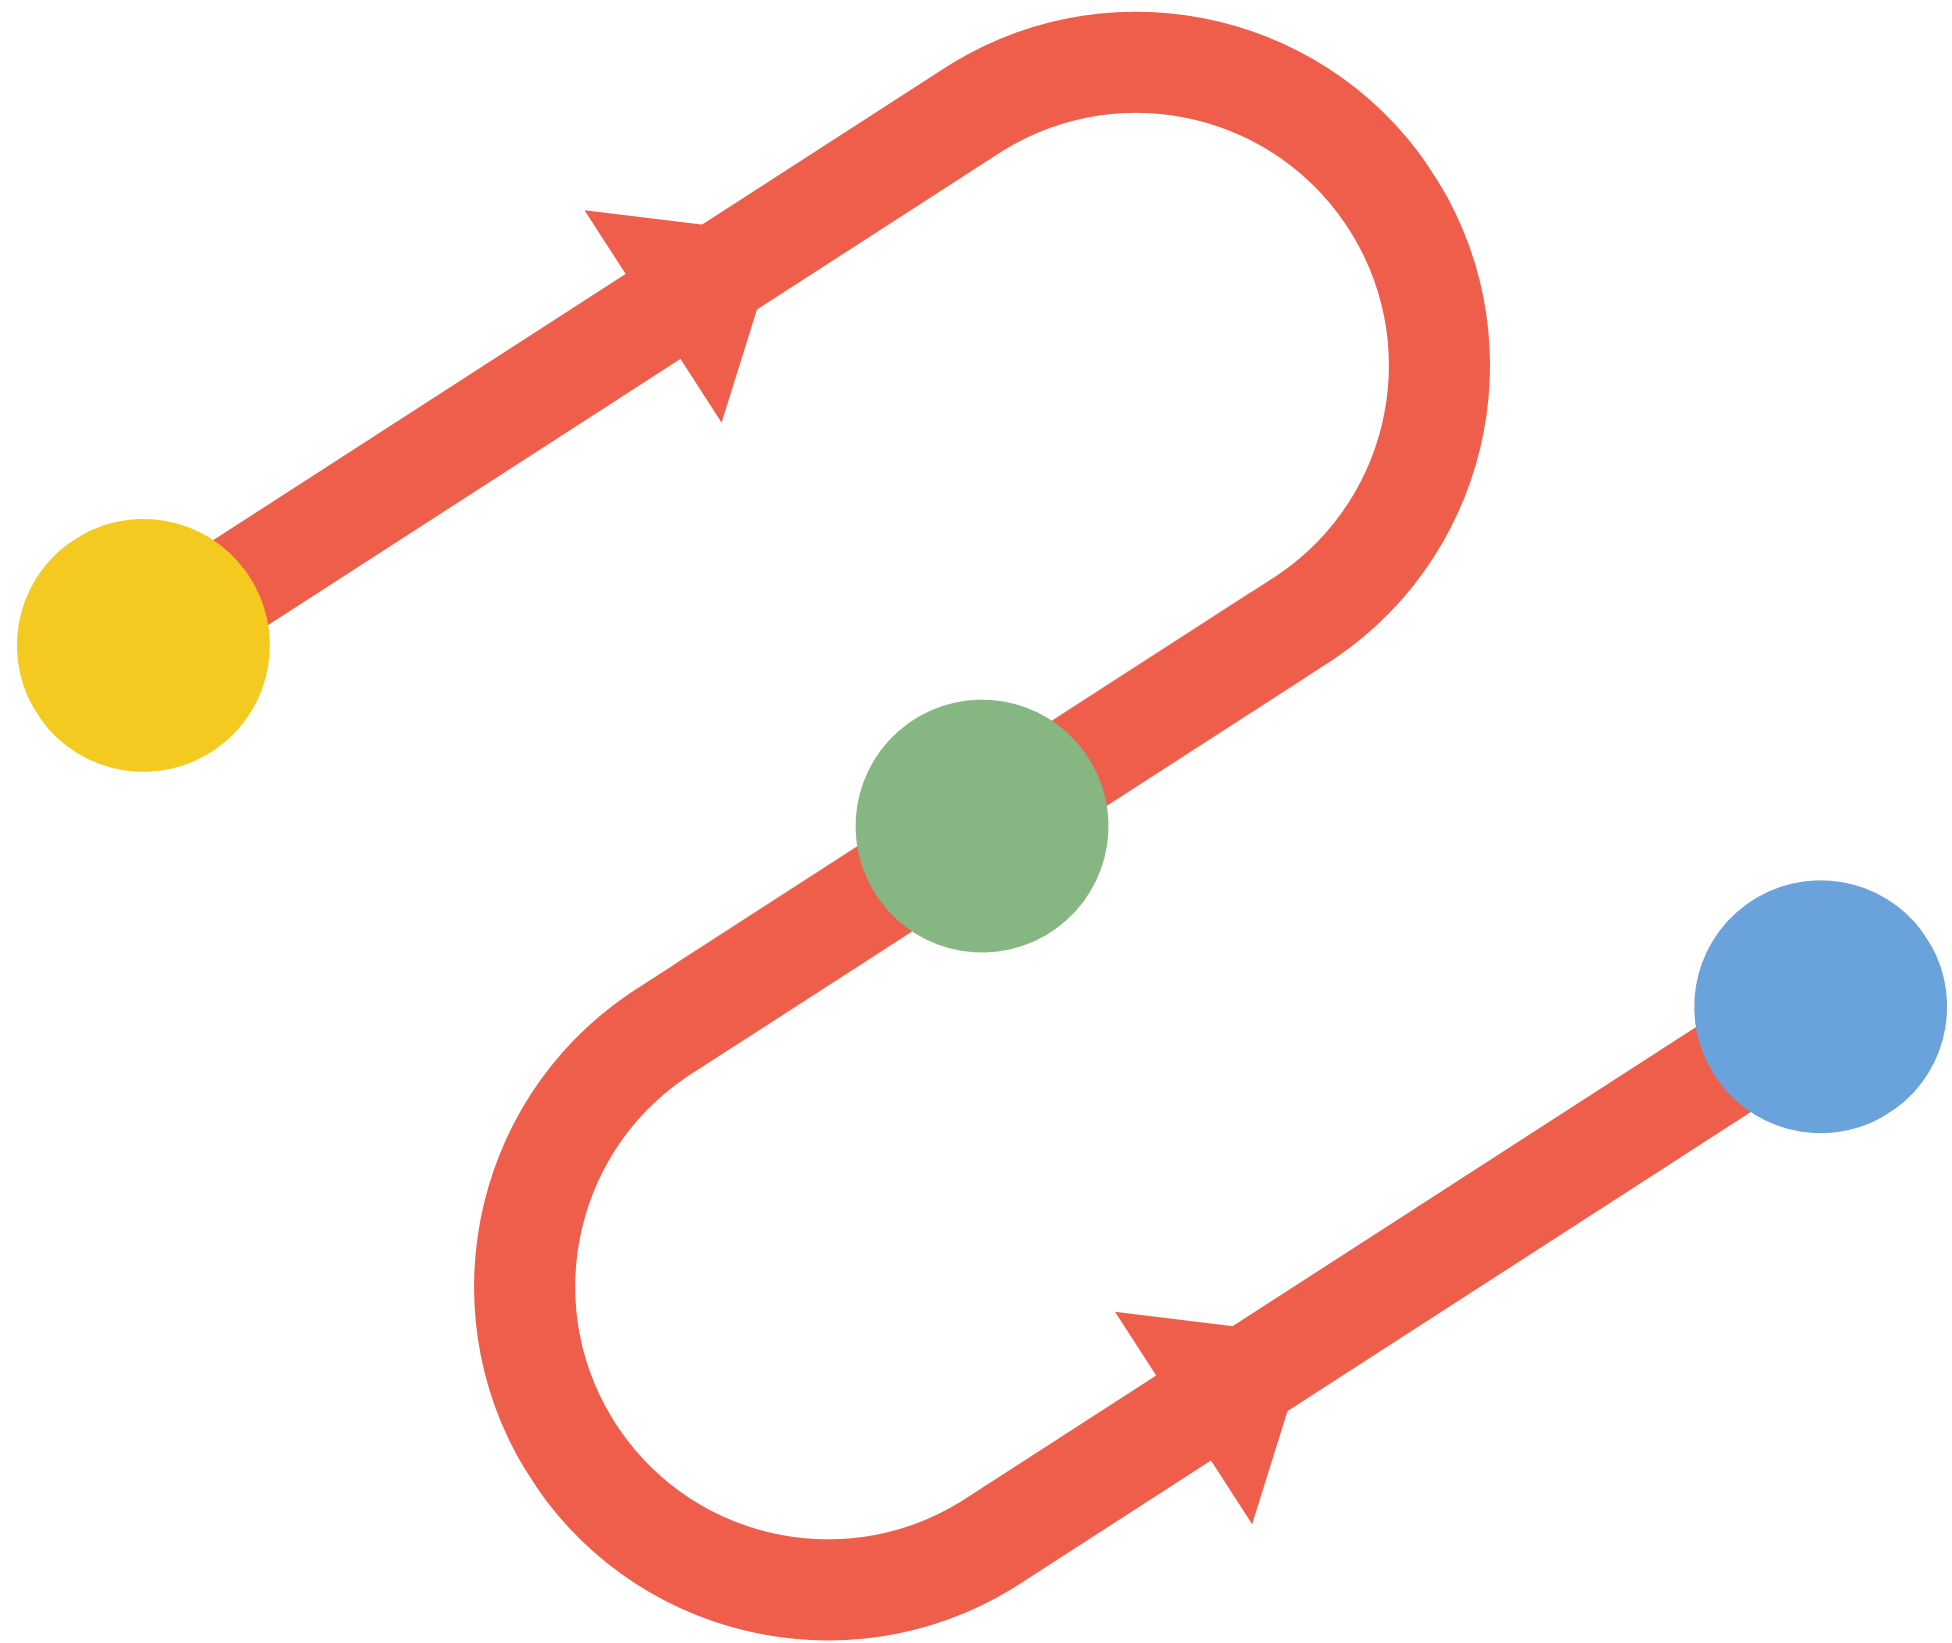

## **God's Own Footprints**

This program equips women with identity and emotional wellness resources in order to thrive and contribute their quota to nation-building. It leverages creative tools to achieve this pillar.

## **GWT Nation**

This is a mentoring community that equips young Africans with practical tools and resources to thrive and contribute to society.

# Traction

## **Milestones**

### **UProgramme**

- Brokered a partnership with the Federal Neuro-Psychiatric Hospital, Barnawa, Kaduna for quarterly training of their patients in 2022

### **Train Them Young Initiative**

- Donated 50 books to Dolly Children Foundation's Summer Camp in August
- Donated 20 books to Edu-safety campaign to generate educational resources on safety

## **Milestones**

### **God's Own Footprints**

- Donated 500 copies of God's Own Christian fiction to female undergraduates in 10 higher institutions across the country and groups of young professional women.

### **GWT Nation**

- Organized 11 monthly sessions
- Executed weekly activities for the year
- Shared resources
